

We are delighted to introduce Professor Ronald Li, who will be stepping into the role as the new Platform 2 lead. With an impressive track record of success and a deep understanding of our industry, Prof. Ronald brings valuable experience that aligns perfectly with the vision and goals of CADENCE. We are confident that he will lead us to new heights of achievement.

We also wish to take this opportunity to thank Assistant Professor Shir Lynn Lim, who has served as the Platform 2 lead since the inception of CADENCE in 2023. We want to express our sincere gratitude for her dedication, hard work, and countless contributions to our organization during her tenure. We wish A/P Shir Lynn all the best in her future endeavors.

In the coming weeks, Prof. Ronald will be working closely with the outgoing leadership team to ensure a smooth transition. We are committed to providing him with all the support needed to excel in this new role and drive CADENCE towards continued success.

Looking ahead, our focus remains on delivering exceptional products/services to our clients and fostering a workplace culture that encourages collaboration, innovation, and growth. The changes in leadership are part of our commitment to adapt and evolve to the ever-changing business landscape, ensuring that our company remains at the forefront of our industry.

Professor Ronald Li is a Senior Consultant Cardiologist at the National University Heart Centre Singapore (NUHCS) and a Professor at the Yong Loo Lin School of Medicine, National University of Singapore. He specializes in general cardiology, interventional cardiology, and sleep medicine, with a research focus on sleep and heart health. Prof. Li has received numerous accolades, including the Singapore Cardiac Society Young Investigator Award and the National Medical Excellence Award.

He has authored over 250 peer-reviewed articles and continues to contribute significantly to advancements in cardiovascular medicine and patient care.
